

POOLS BY DALLAS, INC.

The Texas State code (Section 265.199) requires that public and municipal pools must be marked, showing a transition point of the pool from the shallow area to the deep area of the pool and shall be visually set apart with a 4-inch minimum width row of floor tile, a painted line, or similar means using a color contrasting with the bottom.

The photo below shows the appropriate application.

The Texas State code (Section 265.186) requires that underwater steps shall be provided with a horizontal solid or broken stripe at least 1 inch wide on the top surface along the front leading edge of each step. This stripe shall be plainly visible to persons on the pool deck. The stripe shall be a contrasting color to the background on which it is applied, and the color shall be permanent in nature and shall be a slip-resistant surface.

The photos below show the appropriate application.
